

Suggested tables to include in the COBRE RPPR. Each table should be uploaded as a separate attachment to Section G.1 (Special Notice of Award Terms and Funding Opportunity Announcement Reporting Requirements) in the Overall Component of the RPPR.

Table 1. COBRE Funding Accomplishments

Table 1A: Enter the number of grant applications that were submitted in the current budget period, the number that were funded, and the dollar amount (total costs) of the applications.

Table 1B: Enter the number of grant applications that were submitted and/or awarded by the following program participants: Research Project Leaders, Pilot Project Leaders, Supplement Project Leaders, Core staff (include the PD/PI in this tally), and other staff associated with the Center.

Table 1A: COBRE FUNDING ACCOMPLISHMENTS IN CURRENT BUDGET PERIOD								
<i>Report only for the current project period</i>	NIH	Federal, non-NIH	Non-Federal Sources	Total for Budget Period				
# Applications Submitted/Pending								
# New/Renewal Awards Funded								
Total Award Costs (entire period of performance)								
Table 1B: COBRE FUNDING ACCOMPLISHMENTS IN CURRENT BUDGET PERIOD BY ROLE								
<i>Breakdown of Table 1A by Role</i>	RPLs		PPLs		SPLs (Supplement Project Leads)			
	Past RPLs	Current RPLs	Past PPLs	Current PPLs	Past SPLs	Current SPLs	Core Staff (including PD/PI)	Others
# Applications Submitted/Pending								
# New/Renewal Awards Funded								
Total Award Costs (entire period of performance)								

Table 2. Research Cores

Complete Tables A, B, and C for each Core except the Admin Core. The first Core listed will be Table 2, the next Core will be Table 3, etc.

Table 2A: Enter the data indicated for each Project that made use of Research Core services. Provide the type of user, the name of the project, the technology/instrumentation/service used, the number of individual users per project, the number of student users, and whether the data generated was included as part of a grant application or publication.

Table 2B: Enter any grant applications submitted by the Research Core for infrastructure purposes (e.g., instrumentation, equipment, etc.)

Table 2C: Enter the number of publications in which the research made use of the Research Core whether they cite the award or not. You may report up to 5 publications that do not cite the grant but made use of the Research Core.

Table 2: Core Name _____

Table 2A. Core Users (A User Lab may be listed more than once if different projects were supported)

	Type of User Lab (RPL, PPL, former RPL, former PPL, Other Institutional, External)	Project Name	Technology, instruments, or services used	Number of individual users per project	Number of student users (all levels)	Were data included in a grant application or publication?
	Add more rows as needed					
Total User Labs			Total Users			

Table 2B: Core-Specific Funding Applications and Awards (omit supplements to this COBRE grant)

Funding Agency / Source	Purpose of Request	Total costs	Status NF - not funded P - pending A - awarded
Add rows as needed			

Table 2C: Publications from the current Reporting Period that used the Core. Report publications arising from Core facility users.

Citations	# of Publications	
Cited this award in the publication (i.e., included in Overall Section C.1)		Publications related to COBRE projects (authored by RPLs, PPLs, and SPLs) should cite the grant and be reported under section C.1 Publications in the Overall Component of the RPPR).

Did not cite this award (i.e., not included in Overall Section C.1) but included data from Core use		Optional: You may list below up to 5 research publications from this reporting period that did not cite this award. <u>All reported publications must be compliant with the NIH Public Access Policy.</u>
